DECLARATION OF JAMES A. HARRISON

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

FACT #1

On November 3, 2003, I wrote a letter (copy of Certificate of Mailing is attached), on behalf of Assignee, to Mr. Mark Dale (the non-signing inventor) at the address provided by Assignee and enclosed a copy of the specification, figures, Declaration, and Assignment, with instructions to Mr. Dale to review the patent application and to execute the Declaration and Assignment and to return to me by December 1, 2003. I have enclosed a copy of this letter.

FACT #2

On March 10, 2004, after not having received a response from Mr. Dale to my first letter, I wrote a second letter that was sent via Certified Mail, Return Receipt Requested. I copy of this is also enclosed. Again I sent a second copy of the specification, the Declaration and the Assignment, and asked him to review the application once again and to let me know if there were any concerns so that I may attempt to resolve them. I requested a response from him by March 23, 2004.

FACT #3

The Return Receipt has not yet been received as of this date, thereby suggesting that Mr. Dale has refused to accept the package and sign the Return Receipt.

FACT #4

Mr. Dale has not responded to my attempts to reach him and to obtain his signatures as he is required to provide under his employment agreement with his former employer, the present assignee. Moreover, Mr. Dale has an established pattern of refusing to cooperate with the present assignee and its representatives in numerous other applications for patent. Accordingly, it is very

clear that Mr. Dale has no intention of cooperating and providing his signature as his employment contract requires. As of the date of this Petition, I have not received the Declaration or the Assignment, nor have I heard from or had any communication with Mr. Mark Dale regarding obtaining the necessary documents since I originally had tried to contact him.

RE: *Utility Patent Application entitled, "DOCSIS MAC Layer-Based ARQ for Fixed Wireless", Docket No. BP1622*

Dear Mr. Dale,

Enclosed please find a second copy of the above-referenced patent application for which you were listed as a co-inventor. The first copy was sent to you on November 3, 2003. The application was filed with the U.S. Patent and Trademark Office on October 30, 2003 without your signatures on the "Declaration" and "Assignment". We are at the point now that we are being asked by the United States Patent and Trademark Office to provide your signatures or to file various papers explaining why we don't have a signature for you. Our preference is to obtain your signature to avoid the additional paperwork. Along these lines, if you have any concerns, please let me know so that I may attempt to resolve them. After reviewing the application, please sign and return the enclosed "Declaration" and "Assignment" documents in order that we may forward these to the U.S. Patent and Trademark Office. A return envelope is provided for your convenience. Please also fax a copy of the signature pages for both documents to the above fax number.

We respectfully request that you respond by March 23, 2004, either by signing and faxing the above documents to me, or by calling me.

Again, if you have any concerns regarding this application, please feel free to call me to discuss.

Very truly yours,

James A. Harrison
